Use the past to change the future

Introduction

Life is full of unpredictable situations. It's unavoidable that some of them result in a heavy emotional baggage. Whether it's a social situation or maybe you failed yourself, it's usually hard to try and find a solution on your own.

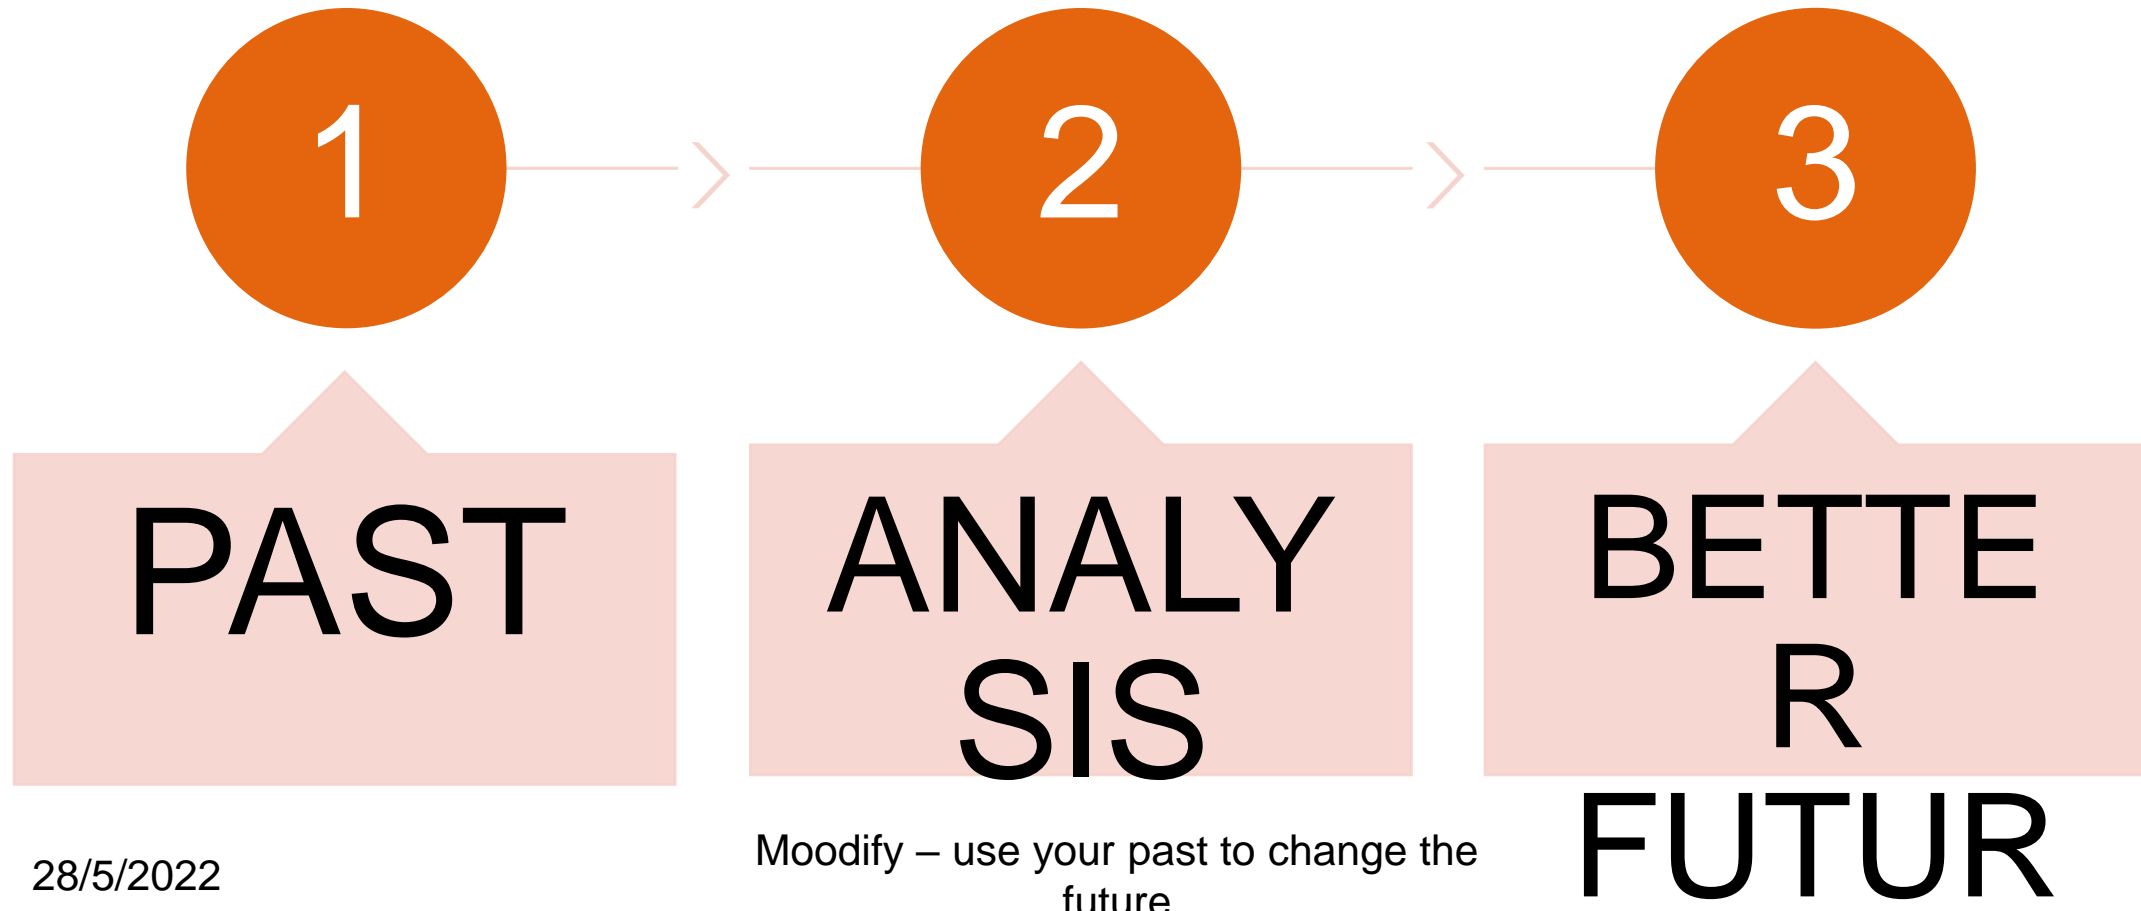

Problem:

People naturally focus on failures and forget to look into the future.

The way to get
started is to quit
talking and begin
doing.

Walt Disney

Back to the future

Document your past

Document your past to improve the future

- The more detailed your descriptions are, the more accurate the predictions
- Commemorate and cherish your best moments – that way you can easily repeat them
- You can look at your past to notice patterns of improvement – or

Modify – use your past to change the future

Highly personalized

- CUSTOM EVENTS
- CUSTOM TAGS
- CUSTOM CATEGORIES
